Doctor	
Hospital	
School	
School	
Home Insurance	

CHERINGTON EMERGENCY INFORMATION PLAN

This leaflet is designed for you to keep somewhere safe and accessible. Should a Village Emergency occur it could help.

Cherington is a very resourceful Village: we help ourselves and each other, but since the major floods in 2007 and in case of a man-made disaster it has been felt plans should be put in place to help if an emergency occurred.

Inside this leaflet are useful numbers in case of an emergency and/or should you require services or advice. In a dangerous emergency situation **Dial 999** to alert rescue services
